ASEAN Statistical Figures In Dashboard

This dashboard shows development status of ASEAN, from regional and national perspective, in a visually appealing format. It includes economic, social and demographic indicators, as well as some indicators related to environment and connectivity.

INTRODUCTION

With an improved data visualisation and concise narrative, users will find it easier to digest the wealth of information on statistical indicators presented and discussed in this publication. The statistics presented in this publication focus on annual data and are based on the information available in the ASEANstats database as of 31 October 2023.

POPULATION AND WELFARE

Basic population and demographic indicators for ASEAN and its individual member states.

CONNECTIVITY

A selection of connectivity indicators, including transports, visitor arrivals and internet services.
